

FUNDRAISER NEWS

We have completed the big fundraisers for the summer, including the Yard Sale, the Steel Days Breakfast, and the Steel Days Clean up. We hope that you chose to participate, and that your efforts were rewarded. If you have not already, be sure to turn your money in to the black box so it can be credited to your account. Please do not put cash in the black box - checks only. If you need to turn in cash, give it directly to Mrs. Carter on Mondays or Thursdays after rehearsal. If your band fees are already paid, you can send the money directly to New Horizons for the big Indianapolis trip.

A BIG thank you to the Band Dads and all who helped with the Steel Days Breakfast. It is always a great adventure, and things went well because so many of you were willing to help and the students were willing to sell the tickets.

Albertsons co-sponsored the Steel Days Breakfast, providing all of the food and many of the supplies. Please be sure to express your appreciation through your patronage at their store.

The AF Fire Department supplied the grills and propane, so be sure to express our thanks when you see them.

DOMINOS PIZZA CARDS

We will continue this fundraiser throughout the marching band season for those who are interested. A member of the fundraising committee will be available after band practice on Thursday evenings to accept money and orders for cards. You must pay \$1 per card to order and the cards will be available the following Thursday. After you have sold each card for \$9, be sure to submit the money to the black box toward your band fees, or send to New Horizons for the tour. To make other arrangements, contact Lisa Robinson at 785-7018 or 787-9271.

UTAH FOODS/CATERING OPPORTUNITIES

Occasionally we have the opportunity to provide food service, clean up, or concessions staffing for community events. Students who have indicated that they want to participate will be contacted when these opportunities arise. Because we can usually include only a limited number of students/parents for each opportunity, we ask that students participate once, then allow other students the opportunity to participate. If you would like to participate, or if you would like to be considered for a second turn once the slots have been offered, please contact Dyana Whitmer 756-0834 to put your name on the list.
