

STUDENT BAND ACCOUNTS

Upon entering the American Fork Band program, all members have a Charms band account opened in their name. The purpose for this is so that every student can keep track of their band finances.

There are two basic ways that a student account receives credit.

1. Cash deposit- From the student and/or his family.
2. Fundraiser Credit - From a scheduled band fund raising event.

A student account will be debited for marching band expense. It is important that students and parents are aware of their students account balance because the band doesn't have the funds available to cover student expenses. **You may contact Terelyn Carter 380-7154 or look on Charms office to find out your students balance.**

Checks are the preferred method of payment for any financial transaction within band. It is much safer, and much easier to track should an accounting error take place. Please make all checks out **payable to the American Fork Band**. Please indicate on the check the students name and purpose for the transaction (fees, shoes, jacket, etc.)

Please keep current on your fees and make all checks payable to American Fork H.S. Band. Bring to school, deposit in "Black fees box" (checks only), or mail to:

**American Fork H.S. Band
